## **ADC ANNOUNCES PROMOTION OF BENEVIDES**

**Fall River, Massachusetts**—March 11, 2008— American Dryer Corporation (“ADC”) announces the promotion of Creig Benevides to the position of Manufacturing Manager. A 14-year veteran of ADC, Mr. Benevides held the position of Sheet Metal Supervisor at ADC prior to his promotion.

Mr. Benevides

As Supervisor, Mr. Benevides managed the Sheet Metal, Welding and Programming Departments, which are comprised of more than 30 people. This newly created position highlights Mr. Benevides contribution to the overall manufacturing program and will allow him to continue to make improvements factory-wide.

“In the past year, I have been increasing Creig Benevides’s role at ADC. His breadth of experience now reaches far outside the Sheet Metal Department. Today, I utilize Creig more as a manufacturing expert throughout the organization,” said Joseph Bazzinotti, Vice President of Operations at ADC. “He is key in the design of fixtures, tooling, cell layouts, planning, and Lean Manufacturing implementations.”

Mr. Benevides will continue to report to the Vice President of Operations.

### **About ADC**

American Dryer Corporation designs and manufactures energy-efficient drying solutions for commercial coin-operated, on-premise and industrial laundry markets in over 90 countries worldwide. ADC devotes its business to providing more models of dryers that perform better than any others. The result of this single-minded pursuit is well recognized by the ADC symbol, which is the hallmark that is trusted by laundries worldwide for total quality. It is this quality that has helped establish American Dryer Corporation as the world’s largest sole manufacturer of commercial laundry dryers. ADC’s Solaris line is available in sizes ranging from 20 lb to 75 lbs. and its traditional AD line is available in sizes ranging from 20 lbs. to 460 lbs.
